VIOR GOLD CORPORATION

TSXV: VIO · OTCQB: VIORF · FRANKFURT: VL5

Corporate Summary - October 2026

ABITIBI AND NORD-DU-QUÉBEC

Unlocking Value Through Discoveries

Vior Gold Corporation is a Québec-based gold exploration company advancing two district-scale gold projects, Ligneris and Kinebik, in the heart of the Abitibi Greenstone Belt, one of the world's premier gold-mining jurisdictions. Its management and technical team has a proven track record of multi-million-ounce discoveries in Québec (Éléonore, Windfall).

OUR OBJECTIVE

DISCOVER 3 TO 5 MILLION OUNCES OF GOLD

-Systematic exploration approach
-District-scale opportunity
-Team with proven track record
-Fully financed for 2027

$26.7M	416M	$41.6M	45,000 m
Adjusted working capital* June 30, 2026	**Shares outstanding** August 20, 2026	**Market capitalization** $0.10/share · August 25, 2026	**Current drilling** Ligneris 30,000 m · Kinebik 15,000 m

PROJECT

Ligneris

50 km northwest of Amos, Québec

1,023	> 530 km²	> 50 km
Exclusive mining claims	Area	of fertile felsic volcanic belt

- Orogenic gold and gold-rich VMS-related showings (Bousquet-LaRonde style), untested at depth and along strike.
- Multiple new gold drilling targets identified, close to infrastructure.
- Current 30,000m drill program.

PROJECT

Kinebik

40 km northeast of Lebel-sur-Quévillon, Québec

1,267	> 737 km²	50 km
Exclusive mining claims	Area	Along the Casa Berardi, Cameron Break

- Same structural corridor hosting multi-million-ounce deposits (Casa Berardi, Douay).
- Orogenic gold, gold in felsic intrusions and gold-bearing iron formation.
- Multiple new and follow-up drilling targets identified.
- Current 15,000m drill program.

RECENT RESULTS

Hole	Grade	Length
LI-26-002	**35.2 g/t Au**	3.0 m
	21.6 g/t Au	3.0 m
LI-26-010 EXT	**7.94 g/t Au**	4.0 m
LI-26-005	**5.64 g/t Au**	4.0 m
LI-26-038	**6.43 g/t Au**	4.9 m

** Adjusted working capital is a non-IFRS measure corresponding to working capital plus investments (non-current portion) and the liability related to the premium on flow-through shares.*

VIOR GOLD CORPORATION

Corporate Summary - October 2026

Forward-Looking Statements

Statements in this document, to the extent not based on historical events, constitute forward-looking statements. Forward-looking statements include, without limitation, statements evaluating market and general economic conditions in the following sections, and statements regarding future-oriented costs and expenditures.

Investors are cautioned not to place undue reliance on these forward-looking statements that reflect management's analysis only as of the date thereof.

These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially.

Such risks and uncertainties with respect to the company include the effects of general economic conditions, changing foreign exchange rates and actions by government authorities, uncertainties associated with legal proceedings and negotiations, industry supply levels, competitive pricing pressures and misjudgements in the course of preparing forward-looking statements.

The technical information in this presentation has been reviewed and approved by Pascal Simard, P.Eng., Vice-President Exploration, a non-independent qualified person as defined by National Instrument 43-101 (NI 43-101) Standards of Disclosure for Mineral Exploration Projects.

Historical results on the Ligneris, Launay and Kinebik Project described in this presentation are from public sources and the Qualified Person responsible for the review and approval of the technical information disclosed in this presentation (see details above) has not verified the information relating to these historical results. Consequently, such information is not necessarily indicative of mineralization on the Ligneris, Launay and Kinebik Project.
